<p>Raising Standards and Expanding Opportunities</p>	<p>The Bradley Beach School District's proposed budget for 2024-25 underlines our unwavering commitment to enhancing the educational experience and outcomes for our students. This year, we continue to invest significantly in professional development for our educators, ensuring they possess the most up-to-date skills and knowledge to implement our evolving standards-based curriculum and pacing guides effectively. This initiative is pivotal in providing a consistent and robust framework for instruction and assessment across all grade levels, thereby elevating student learning outcomes and academic performance. Key investments will support the evolution and expansion of our Readers and Writers Workshops from K-8, aiming to bolster reading and writing proficiency amongst our students. This initiative necessitates increased allocation for the development of classroom libraries and the procurement of workshop materials, ensuring our educators have the resources needed to foster a rich learning environment. Similarly, our commitment to excellence in Mathematics education persists through the continued support for the Principles to Actions for Teaching Mathematics, which will see further curriculum development and sustained professional development throughout the 2024-25 school year. Protecting Our Investment	<p>Funds for facilities, renovations, and maintenance have been budgeted. Bradley Beach Elementary School understands that the process of budgeting is not a year to year event, but rather an establishment of a budget for a school year which fits into the framework of the immediate and extended future. One aspect of this is capital and maintenance projects to help maintain the building to avoid deterioration which can result in high cost solutions. Additionally, capital and maintenance projects can help protect our most important investment, our students, and in the 2024-25 budget, the Bradley Beach Board of Education addresses both. Understanding the significance of maintaining and upgrading our physical and technological infrastructure, the budget includes provisions for essential maintenance projects. This includes routine maintenance of our heating systems and updates to the building's VCT Tile, refurbishing hardwood floors and re-plaster and painting lower level hallway walls. These maintenance projects included in the district's three year comprehensive plan to ensure a safe and conducive learning environment for our students and staff. . 11-000-261-420.00 √ Cleaning, Repair, Maintenance</p>

The information presented in columns 1 through 3 as well as the related descriptions of the per pupil cost calculations are contained in the Taxpayers' Guide to Education Spending and can be found on the Department of Education's internet website: <http://www.state.nj.us/education/guide/>. This publication is also available in the board office and public libraries. The same calculations were performed using the 2023-24 revised appropriations and the 2024-25 budgeted appropriations presented in this advertised budget. Total Budgetary Comparative Per Pupil Cost is defined as current expense exclusive of tuition expenditures, transportation, residential costs, and judgments against the school district. For all years it also includes the restricted entitlement aids. With the exception of Total Equipment Cost, each of the other per pupil cost calculations presented is a component of the total comparative per pupil cost, although all components are not shown.
